

## Individual and/or Family 2016-17 Annual Fund Pledge Form

Warren County Habitat for Humanity has provided affordable homeownership opportunities for hard-working families for the past 20 years. Today, our mission is more critical than ever. Investing in families makes a difference. For the first time, the families have their own place. Their home matters.

You can help us provide affordable homeownership opportunities for years to come. Your donation will help more families share a safe place to call home. Contributions are needed to complete our mission. The majority of our funding comes from a combination of individuals, churches, businesses, civic organizations, foundations, and grants. It takes an average of \$95,000 to build a Habitat House in Warren County. Current Habitat homeowners' monthly mortgage payments also go into our "Fund for Humanity" which goes toward building more houses here in Warren County. This financial help is not only necessary for our next project, but demonstrates to grant-funders and major donors the breadth of dedication from the community.
